## “Diagnosis & Treatment of Ear Diseases”

For Dogs & Cats

Educational & Wet Lab Seminars 2010

Lecture is an informal presentation for the practicing veterinarian by Louis N. Gotthelf, DVM. Based on clinical cases, numerous photos and examples of ear diseases are shown with an explanation of what can be done in the ear. Discussion and questions are encouraged.

- Fee **\$145** 8:30am – 4:30pm Fee includes a continental breakfast & lunch
  - Breakfast at 7:45 • Lecture from 8:30-12:30 • Lunch from 12:30-1:30 • Wet Lab from 1:30-4:30
- “Course meets the requirements for 7 hours of continuing education credit in jurisdictions which recognize AAASB’s RACE approval; however participants should be aware that some boards have limitations on the number of hours accepted in certain categories and/or restrictions on certain methods of delivery of continuing education.”

### Lecture / Seminar

Applied Anatomy, Physiology, and Histology of the ear canal, eardrum, and the middle ear. Pathogenesis of otitis external, diagnostics, cytology, microbiology and treatment techniques. Pathogenesis of otitis media: including advanced diagnostics. Ototoxic chemicals, drugs and treatment of otitis media. Surgical options for end stage of ear disease.

### Wet Lab

Laboratory will include a demonstration of how to use the MedRx Video Vetscope, followed by hands on practical interactive laboratory with each participant using this advanced video otoscopy system. Each participant will learn how to examine the ear canal and evaluate the tympanic membrane. Proper ear cleaning and flushing techniques will be demonstrated and then each group will properly clean and flush the ear canal using instruments and suction. In addition, each group will perform a myringotomy and retrieve cytological and microbiological samples from the bulla. Each participant will practice proper irrigation and medicating of the middle ear. This will also be the time for one on one discussion of diagnostic radiology, cytology and treatment techniques.

**SPACE IS LIMITED! Kindly RSVP to MedRx, Inc:**
